

# Reputable Transport Company Business for Sale Rotorua

Reputable transport company - buy before the busy season! A solid, well-established coach company based in Rotorua, with good industry connections throughout New Zealand.

## Well-known group transport company in Rotorua & BOP

Servicing Rotorua and BOP for 16 years

Reliable reputation in conference and incentive

Fleet includes large coaches/buses and 2 vans

All vehicles regularly serviced and maintained by a local mechanic, and all have current COF, Registration & RUC, Aircon/heating, and PA systems

This is your chance to take over and grow a reputable, well-connected group transport business based in Rotorua. We have been passionate owner-operators of this business since 2008 and have built strong industry relationships over the years. Most of our business consists of conference and incentive group transfers to local attractions and event nights, corporate travel groups, local group charter excursions, airline disrupt transfers and on-call work for out of town transport operators.

Our enquiries generally come through word of mouth with repeat business a regular occurrence from local groups and event organisers nation-wide. We're known for our reliability, flexibility, and professionalism.

Due to unexpected health issues, we are no longer able to operate the business long-term. That's where you come in! You will be taking on a business with a great reputation and potential growth areas that an enthusiastic new owner can explore. Good forward enquiry with confirmed bookings in place.

We can provide assistance if necessary for smooth transition to new owners. Would prefer to sell with the vehicles but will look at all options
