

Action Entertainment Jetsprinting Business Opportunity for Sale Auckland

Selling unique action entertainment, NZ origin, no known competition. Beyond concept, developed, real-life proven, refined.

Beyond concept, developed, real-life proven, redefined.

Simple plan. Opportunity to establish dominant brand. Franchising globally, themed Centers, (single or multiple ponds) taking exciting, but little known of sport of jet sprinting to population centers, specialist boats, exciting but safe, customers the crew (driver (13+) and navigator), novices, experienced, not physically demanding, social clubs, team building, seminar breaks, tourists, most weathers. Quiet. Layouts, specifications, formats, procedures, specialist equipment.

Needs stunning, well organized, operating Showcase Center. About 12,000 people per pond p.a, business acumen, energy, flair, cash profits from opening day potentially 25-33% NPbt on assets, master franchise demonstrator, opportunity to capitalize established center.

Fun, constant action, variable formats, professional presentation, facilities, landscaping, time displays, low staff numbers.

Lifeless murky pond in a paddock not a Showcase.

Business Resources

Real-life operating Centre, Maritime NZ certified, made known the unknowns of a closed pond, dimensions, depth, run-off, boat waves effect, finish run-down, signals. Could only be known by that real-life centre. Great reviews.

SINCE, BIG STEP UP TO FINAL UPMARKET DESIGN TO TAKE FORWARD.

Knowledge substantially in house, vertical integration. Too much to cover here. Seller concept creator and developer. Kelly Tarlton "story".

For right (Younger) person(s), mindset on business not boats, potentially big.
