Type: **Agriculture/Hort/Aquatic /  
Manufacturing**

### Cheese Making and Sheep Genetics (CML 11006)

25 years of passion and development has resulted in this high profile and well-known cheese brand which is sold throughout the North Island, and Dairymeade sheep sold NZ wide.

Impeccable animal records have been created in breeding the perfect milking sheep for NZs environment. Kingsmeade were the first dairy sheep breeders registered in NZ.

Live Dairymeade sheep and embryos have been sold overseas.

This asset sale includes all classes of dairy sheep and embryos, milk monitors, sundry milking equipment, cheese factory equipment, Kingsmeade brand name and cheese stocks on hand. Owners are retiring overseas. The business will need to be relocated.

The hard work has been done for this Grass to Plate niche business, leaving plenty of room for growth.

Price: Expressions of Interest are sought for this high-profile business. Price will be established between a willing buyer and a willing seller under no compulsion and acting reasonably.
