Farming Sector - Retail-Service-Installation - Profit \$715,000

The current owners have done the hard graft over 15+ years to establish the brands and build a great team.

The owner jumps in as required, but the majority of the decisions are made by the leadership team. The business supplies to a high demand farming sector, with regular servicing, testing and upgrade work. With the supply and installation rights to premium New Zealand and international brands in the regions they operate in.

There are substantial jobs booked in for the coming year, which bodes well for forward work and solid profits. A purchaser should expect a rock-solid handover by genuine sellers who want to see a purchaser do well. There is flexibility on offer for where an incoming owner is based.
