Beverage distribution - non-alcoholic

Enjoying a dominant market share locally this business has been operating for over 20 years and amazingly still has the potential to grow. Our owner-operators are retiring and realistic, this business presents a solid opportunity with proven history, the business is fully staffed with two working owners and robust processes are in place.

In place is a large supply agreement attracting commission from sales of circa \$1.7m plus an additional supply of non-alcoholic beverage products to existing clientele attracting a further circa \$400,000 in sales. Operating from leased and well set up premises in the city, the location is convenient and close to customers. The five-day-a-week business could easily be relocated to suit a purchaser and could integrate into to an existing distribution operation.

Full training can be provided to a new owner ensuring an smooth handover. Secure your future and work for yourself.
