

# Pizza Restaurant for Sale Te Anau

This is your very unique opportunity to buy an iconic small town local restaurant with over 33 years of history.

Inside dining for 50, street front covered dining for another 12, and outdoor courtyard seating for 24. Takeaway and home delivery. Most nights we have two delivery cars running, and during summer there is easily enough demand for a third.

18 months of very strong growth, shown in record average daily sales during that period. This has been achieved with condensed opening hours, allowing reduced running costs and labour expenses. And best of all, affording an almost unheard of hospitality weekend of Sundays and Mondays at home with family!

Increased earning potential with more hours/days, menu expansion to include proteins, or even further with franchising around Southland.

A very strong local support base, with loyalty systems that our locals love.
