

Gate & Fence Installer Business for Sale Tauranga

Become a Red Stag Gates and Fences Sales & Installation Licencee and be your own boss fully supported by our metal fabrication workshop and experienced design & hardware team.

Red Stag Gates and Fences is a well established Brand throughout NZ. We offer custom design and manufacture of premium gates, metal doors, planters and garden structures. Our company has experience in both residential and commercial construction, structural steel and aluminium fabrication. We can therefore offer a vast array of knowledge relating to all aspects of metalwork and hardware installation.

We have a strong organic presence on google and continually work on the brand strength, product design and supply of premium quality gate and door hardware from leading international manufacturers. We only stock the best quality hardware and automation products and can readily provide technical assistance.
