

Mobile Coffee Business for Sale Lower Hutt

The Perfect Side Hustle for Coffee Lovers

On the Grind Coffee is the perfect starter business or side hustle for the avid coffee lover.

The last two years the business has been run as an event only, mobile coffee cart. Has been designed to handle working events of all sizes. Selling locally sourced Havana Krazy Coffee blend, with a vibe to match, the business has a solid following and database of contacts. 23/24 summer was booked out completely, up to three months in advance.

This is an extremely reluctant sale - due to other commitments I no longer have the time to put into it.

On the Grind Coffee is sold as a going concern, includes everything you need to sell as many coffees as possible, with the ability for the new owner to work tomorrow if they choose! The inside is completely stainless steel and easy to maintain.
