THE OWNER WANTS TO RETIRE.

It's time to buy a job and secure your future income! If you are a practical person who enjoys working on house renovations, then this is for you. You will be preparing, sanding, and leveling wooden and concrete floors along with applying a finishing coat. One of those jobs where you can take pride in your days' work and look back and say... 'I done that'.

You won't be alone as this business has skilled staff and the retiring owner is offering a good handover and training period if necessary.

Servicing all of the Waikato, this is a home-based floor preparation business with excellent vehicles and equipment. You will need some garage space to keep some product cans and that's about it. Most of the gear stays in the vans so you will need some secure parking for them.

- * Long established business and name
