

# Laser Tattoo Removal Business for Sale Auckland

## Love your Job and Help people - Laser Tattoo Removal, changing Lives

### Description

When I tell people what I do for a living, they say it must really be taking off considering how many people have tattoos nowadays. Because the answer is YES, I am going to sell my business. I am selling this business as I am retiring and moving to Australia to be with family.

I work from my home office and also provide offsite treatments. You can run it from anywhere, but most of my clients come from South & West Auckland.

This business provides me with secondary income with little or no effort (about 10 hours per week) thanks to loyal clientele, steady repeat business & word of mouth referrals. Currently, I have bookings right out to September.

I have 400+ active clients with 600+ database and a contract with a Government agency..

This business would suit a dynamic person who wants to enter this growth industry.

This is a cash, easy to run business with no stock required. I currently work approx 10 hours per week. More effort into this business, and you will quickly grow the revenue and profit.

You should seriously consider this well-established laser tattoo removal business. There are very few available as many recognise it will continue to be a growing market.

**Contact: financialwizz@gmail.com with some information about yourself and why this business would suit you. If you dont have the funds available to purchase a business, please dont contact me.**

**Transition/training available with owner**
