

Passenger Transport Business for Sale Napier

Bus and Mobility Van Passenger Transport Business

Servicing Hawkes Bay for over 20 years

Specialist wheelchair transportation

Fleet includes 4 mobility vans and 4 buses

Includes significant contract for services

Increasing demand due to an aging population

Opportunity to further grow this business

A simple business to run and operate

This highly respected business has been transporting locals and visitors around Hawkes Bay and further afield for over two decades. Specialty services include wheelchair and disability transport with a fleet of four mobility vans. A fleet of four buses provides transport for 10 to 45 seated passengers.

The business comes with an annual contract for the transportation of students around Hawkes Bay which generates over \$100,000 (including GST) for this current academic year.

This is an attractive opportunity for someone looking to enter the passenger transport services industry or an existing operator looking to expand. The business produces a reliable income stream due to long standing and strong customer relations and is in a prime position to grow further as the current owners wish to retire.
