THE COFFEE CLUB

The Coffee Club Store For Sale

The Coffee Club stands as one of the most thriving franchise brands in the market. This particular store has consistently performed exceptionally well since its current owner took charge.

Having been under the current ownership for just over four years, the decision to sell arises from genuine reasons. Despite the success the business has brought them, the owners reluctantly opt to sell due to new circumstances, presenting an opportunity for a new proprietor to step in and continue its prosperous journey.

Strategically positioned within one of the country's premier shopping malls, this café enjoys high visibility to both vehicular and pedestrian traffic, boasting seating options both indoors and outdoors. The current owner's adept management has resulted in commendable cost control, rendering this café not only profitable but also primed for its next caretaker.
