

Mobile Food & Coffee Business Opportunity for Sale Dunedin

Operate a full/part time, event only business, or combine all three. By yourself or with friends.

Van for sale

Because of its unique design It can be used for a permanent stand. Or a food/coffee delivery business. Lots and lots of options.

We have been running a very successful coffee business for the past 7 years. We've had lots of fun and met many fantastic people, but at 74 , it's time to retire.

The van can continue to be for mobile coffee retailing . it is fitted out with a Fracino coffee machine (LPG and electric), plus a Mini Mazzer automatic coffee grinder . All ready to go.

HOWEVER:

Lots of opportunities and more than enough room to add a frapp machine, shaved ice , pie warmer, popcorn, candy floss.

AND we are willing to sell the van separately from the coffee machine.

The van is very economical to run. It's has a canopy for customers to shelter under.

Inside includes coffee equipment, refrigeration ,deep cycle batteries and charger, fresh and grey water tanks gas burner . And lots of storage and shelves. The inverter works perfectly, and everything runs from the two heavy duty deep batteries.

The van will have to be recovered with a new logo, or there is the a licence option and finance assistance if you wish, ts and c's apply of course, but at \$100 for the marketing and licence fee a week we more than covered that with the coffee deals.

Get in touch for a no obligation chat. .
