+ GST if any
Type: **Services-Other / Manufacturing**

Calling Entrepreneurs and Marketers

We are pleased to offer a profitable marketing business supplying promotional materials such as signs, flags, illuminated signs, fence wraps, and much more. The business has a website which provides excellent descriptions of what is offered. While the biggest market for the business's products is Auckland, the business is located in Christchurch and is handled by one person - no staff are required.

The business provides an excellent return for the operator, but retirement is beckoning, and the decision has been made to sell the business. This is an ideal opportunity for an entrepreneurial person to purchase, operate and build the business - enquire now!
