

# Mobile Gelato Business for Sale Christchurch CBD

Gelato Dolce has been handcrafting artisanal gelato with passion and expertise in the heart of Christchurch for many years. Authentic flavours that transport you to the sun-drenched streets of Italy.

**Gelato Dolce - artisanal gelato! We blend imported Italian ingredients with locally sourced milk, fruits and berries to create a variety of authentic flavours that transport you to the sun-drenched streets of Italy.**

## **Manufacturing:**

Gelato Dolce operates under a Customised Food Control Plan registered with the Ministry for Primary Industries. Our recipes have been developed over many years, and we take pride in their excellence. Combining quality local ingredients and adherence to regulatory standards, positions Gelato Dolce as a reputable manufacturer and retailer in the gelato market in Christchurch.

Gelato Dolce currently wholesales to one very popular cafe in Christchurch, and there is enormous potential for future owners to expand wholesale distribution to more cafes, restaurants and supermarkets which the current owners haven't had time to follow up.

## **Retail outlets and opportunities:**

With three mobile retail outlets - two highly recognizable cute red and white striped gelato carts, and a third gelato servery and set-up for markets - we have the ability to be in three places at once on a busy summer weekend!

Gelato Dolce is located outside The Arts Centre near a tram stop, with the Botanical Gardens and Christchurch Museum just down the road. Its prime position ensures a steady stream of foot traffic from both locals and tourists, including cruise ship passengers, enticing customers who are looking for a refreshing treat while exploring the areas attractions.

Gelato Dolce is currently at Ohoka Farmers Market on Friday mornings, and at various festivals and Council events throughout the Christchurch and Waimak areas. We are also a very popular option for private functions such as weddings, Christmas functions and work dos.
