

Marine Services Business for Sale Tauranga

Essential Marine Services Business

This is an opportunity to purchase an outstanding services business in the marine industry providing essential services to recreational and commercial boat owners from Gisborne to Auckland.

In addition to the core services they provide, the owners have built a strong network of contacts and referrals for their customers and developed a hub for boating professionals who are on hand to offer their skill, advice and expertise.

The key features of this business are:-

Provides **highly essential services** to recreational and commercial boat owners

Consistently profitable with **potential to grow revenue**

Extremely high barriers to entry making it nearly impossible for a new competitor to start up

Long serving and **skilled key staff**

Strong long-term relationships with suppliers

The owners are happy to negotiate a **suitable handover period**

In operation for close to **30 years**

This business would suit a hands-on owner with some experience in the marine industry, although the owners are happy to negotiate a comprehensive vendor assistance period for a less experienced owner.

Alternatively it would be an exceptional add-on for an existing marine services business.

Opportunities like this rarely come on the market so if you would like to know more give me a call.
