

For Sale

Location: **Auckland**
Asking: **\$350,000**
Type: **Manufacturing**

Manufacturing Engineering

This is a long-established engineering business with an experienced team, fully equipped premises and a Blue Chip customer portfolio.

The business would make a very useful adjunct to an established enterprise looking to expand through acquisition. It is also an attractive proposition for a managing engineer wanting to get a running start in business ownership.

Sales patterns are long established and the new owner will be in a position to forecast with confidence.
