

For Sale

Location: **Auckland**
Asking: **\$3,000,000**
Type: **Services-Professional**

\$3M Revenue; \$1.2M EBITPD; Significant potential

An exceptional opportunity to acquire an industry leader specializing in top-tier electrical solutions for mechanical.

Not reliant on or affected by current downturn in construction industry

With a track record of excellence spanning many years, this business has established an enviable reputation for reliability and innovation that ensures regular customer projects.

From power distribution and motor controls to advanced automation systems and energy management solutions the business offers a comprehensive suite of services designed to optimize the performance, efficiency, and safety of mechanical systems across various industries.

The demand for reliable electrical solutions for mechanical services is on the rise, driven by factors such as technological advancements, regulatory compliance, and the increasing emphasis on energy efficiency and sustainability.

With a well-established brand and a loyal customer base, the business is primed for expansion and diversification. There is significant potential to capitalize on emerging trends and capitalize on untapped opportunities.

This business is achieving current revenues of \$3M and returns of \$1.2M for 2 x working owners

The price is NZ\$3,000,000 to acquire all assets as a going concern including IP; risk management and quoting systems and the benefit of existing customer and supplier relationships and agreements.

While key management staff are already in place, the owners are committed to providing extensive support throughout the handover process to a new owner.
