

Yoga Studio Business for Sale Wellington

Iconic Wellington Yoga Studio for Sale

This iconic Wellington Studio is ready to be taken to the next stage of growth and development.

A beautiful sanctuary with a vibrant community and exceptional teachers, creating a space where everyone, regardless of experience, feels welcomed and supported.

Why Buy This Business:

Hot Yoga Wellington has been a cornerstone in the Wellington district for 17 years, with 12 of those under the current owner. With a rich history and a well-established brand, it's more than just a yoga studio—it's a dedicated sanctuary for nurturing body, breath, mind, and soul. Offering a range of yoga classes and workshops, HYW has become a trusted space for deep connection and personal growth.

What the Business Needs:

This business thrives on hands-on leadership, with the owner actively involved in day-to-day operations, teaching, and creating new offerings. Expanding the business model and maximising the studio use are key to its growth. Success here is deeply rooted in nurturing relationships, both within the studio and the broader community. It's about having a vision to elevate what's already in place to the next level. After guiding the business through personal and professional challenges, Maria Gorham recognises that it's time for fresh energy and vibrancy.
