15 years after establishing CoffeeCup, grandkids and retirement is now calling.

Here is a rare opportunity for someone to pick up the reins of a successful business and take it to the next level.

Work as much or as little as you like.

This is an easy business to manage. Options are to set up for the day and have staff run it for you.

The business consists of 2 self-contained mobile coffee units.

CoffeeCup is a self-contained mobile coffee trailer

CoffeeMug is a self-contained mobile coffee van.

Both units' Coffee machines run on LPG with a power option.

Everything you need to operate the business is included plus more.

This is NOT a startup business where you start from nothing.

This is NOT a Franchise that has ongoing fees.

This is NOT parked on the side of the road hoping for some customers.

This is a GOING CONCERN with a strong client base built up over 15 years.
