

Food Manufacturing & Distribution Business for Sale Auckland

Food Manufacturer, Packaging and Distribution

A once-only opportunity to purchase a sleeping giant.

Turnover and profits increase every year with no current marketing or advertising expenditure. For the past 19 years, the owner has been the working general manager supported by two long-serving experienced managers, one looking after the logistics of inward and outward goods and the other is the production manager, supervising 8 fully trained employees. No expense was spared on the substantial modern plant and machinery delivering the latest food and drink manufacturing and packaging technology.

Sales are B-B under contracts with some of New Zealand's largest retailers and service providers. Customers' private food recipes are held together with several business-owned in-house proven recipes. Auckland Council has granted RMA approval to draw 50,000 litres of water daily from an onsite private bore. Water is bottled and sold under a Registered Trademark that is respected worldwide.

The growth of this business is untapped. Profits exceed \$800k p.a. providing the opportunity for the factory to be run under management whilst providing a great R.O.I. to the owner.

This is a confidential listing and Expressions of Interest are sought. The owners have purchased another business in a different industry and are serious vendors.

We anticipate a strong demand for this business so enquirers are expected to demonstrate clear financial capacity. We can introduce qualified purchasers to experienced Finance Brokers who understand this business opportunity and can source competitive finance packages.
