## Ecology & Co - NZs Own Alcohol-Free Spirits!

Ecology & Co is New Zealand's first alcohol-free distillery founded in 2018, and is already an award-winning brand that has claimed the spot as top 'Kiwi' manufacturer in the booming non-alcoholic spirits market.

Consumers are increasingly health-conscious, and Ecology & Co's alcohol-free spirits cater perfectly to this trend, which is here to stay.

Distributed through NZ's major wine and spirit merchants, Ecology & Co can be found in...

255 Supermarkets

257 Off license outlets

197 Restaurants and bars

And that is before taking into account the off-shore market. Ecology & Co is gaining international recognition tapping into the Australian, UK and UAE markets, and poised for further expansion.

Assets include:

All IP, Recipes, Relationships, Trademarks

5 Stills and extensive plant & equipment

All systems, processes & know how

In addition to the distribution channels throughout NZ and internationally, Ecology & Co has two impressive E-Commerce websites delivering products direct to their loyal customer base in NZ and Aus.

The business systems are polished with a smooth operation requiring part-time input from the vendors. There is a Distillery Assistant on staff and all other services outsourced.

Currently distilled and distributed from premises in Wairau Valley, the business is portable and can be relocated or absorbed into a larger organisation.

The vendors have invested significantly in R&D and brand development and having moved to an off-grid lifestyle they are now offering up Ecology & Co for the next entrepreneur to continue the journey.
