

House with attached Fitness Studio Business for Sale New Plymouth

Good profits. This is a sound business that offers great flexibility. A rare opportunity to own the business and the home.

This opportunity is all about lifestyle. We started this business working all shifts ourselves. It quickly evolved to a point where we employed additional trainers and we realised staff needed regular hours, while we just needed to pay the bills and fill in when our staff were away. Which we did. So while the business was in capable hands, we managed four, three month long trips to Europe between 2014 and 2023. All paid for from the profits of this business. Unlike other gyms, there are no big expenses. You own everything. The land, buildings and equipment are all in the purchase price. If you want this lifestyle, it's all here waiting for you as we look to retirement.

For more info, contact Julia or Pete today!
