

Home Staging Business for Sale Auckland

North Shore Home Staging business with stock and capacity to fully stage 5-6 houses plus partial staging for several more.

Work with realtors across North Shore to stage homes for sale. Property market is taking off again and spring, summer are the busy months so get in now! Realtors will promote you to vendors and repeat business comes via those contacts. Would suit owner/operator or could contract in a stager to do the work.

Huge opportunity to increase revenue with no additional outlay, as work has been done for you through already buying more stock and setting up storage. Can provide forecasts. Hundreds of realtors across north shore so size of market is massive and most insist that vendors pay a home stager.

Current owner increased stock but focused on another business and not actively working in this one so revenue is lower than could have been and lower than previous owner. Owner leaving town so discounted price for a quick sale.

Business Resources

Stock includes beds, sofas, chairs, dining tables & chairs, side tables, coffee tables, bedside cabinets, duvet inners & covers, pillows, pillowcases, cushions, throws, rugs, vases, books, magazines, outdoor furniture and pictures.

Storage units in Wairau Valley setup with shelves, storage containers, moving containers and bags. Website well maintained and inventory app has partial stock listed.

Can provide quote examples and outline process steps for you.
