Thriving Sushi Shop for Sale – Prime Central Christchurch Location

Take advantage of this unique opportunity to own a well-established sushi business in one of Christchurch's most high-traffic areas. Located in an iconic city centre spot, this sushi shop benefits from constant foot traffic, making it a favourite for both locals and tourists. With the new Christchurch stadium on track for completion in 2026, foot traffic is set to rise even further, adding immense future value to this already prime location.

Currently open 5 days a week, the business offers an ideal work-life balance with weekends, public holidays, and a 2-week break over Christmas off. This presents an exciting opportunity to extend hours and increase revenue.

The shop is fully equipped with a commercial kitchen and designed for a seamless operation. No experience is required to take over this smooth-running, hassle-free business. Due to a change in circumstances, the current owner is motivated to sell, making this a rare find for any prospective buyer.

Don't miss out on this chance to own a successful sushi business with significant growth potential!
