Thriving Earthworks Business

Profit \$275,000 FY24 (working owner)

This established, and financially successful earthworks business is ready for a new owner-operator. With an extensive range of well-maintained light and heavy machinery, there is plenty of scope to grow the business over the coming summer months.

The business operates Auckland-wide and has forward work booked through to January 2025.

After 9 years, the owner has to sell rather than wants to sell due to ongoing health reasons, providing a fantastic opportunity for a new owner to buy a solid business with well-maintained vehicles, plant and equipment.

There are no premises as the owner operates from his home so you will need somewhere to store the equipment.

Price includes assets at book value circa \$400,000, market value likely higher

Currently owner/operator

Assets at book value

Opportunity to grow the business exponentially by capturing a greater portion of the expanding market and by diversification

Solid reputation for high-quality finished projects.

An essential part of the construction industry

Substantial return on investment

A pipeline of forward work

Potential to set up hire equipment business

This business would suit someone who can handle a truck & trailer and a digger and or a company looking to add these services to their existing business.
