As the business is being sold as a going concern, it is zero rated for GST. Start earning from day one.

The vehicle is a 2023 Tesla Model Y fully kitted out for approved CC Taxi work. Includes internal safety camera, Pre-wired for icabbi device and personal smartphone. 14000 kms. [OPTION B - LICENSE TO OPERATE ONLY]

I am selling a 10 year license to operate only. In addition to the license, you will need to purchase an approved vehicle to operate within the Corporate Cabs fleet.

Prior to operating, you will need to obtain a P Endorsement for your driver's license, as well as a small passenger service license from NZTA. These are easy to get, and I can help with your application if necessary. You will also need to be vetted and approved by Corporate Cabs Limited to ensure superior brand standards are maintained.
