A Garage with Space Galore in the Tron

All high turnover automotive workshops have one thing in common. They have room to move and work. This workshop garage in Hamilton is exactly that. Scaled back in recent years by the owner, this is an opportunity barking to take it back to that level by servicing light automotive, light commercial or both.

SCALE IT UP!

- * 415 sqm high roof workshop
- * Two level internal office spaces
- * Two kitchenettes and toilets on two levels
- * 4m high garage door
- * Off Street Parking (10-spaces)

Currently a four-hoist garage you could easily do seven or add column arrays for light commercial, buses and camper-vans. The spare office spaces will be super useful SO inquire now!
