Ice Cream Dream! 27% ROI. \$345k Profit!

Exceptional opportunity to acquire this simple, profitable business and just in time for summer!

Very rare to be able to buy one of these Internationally famous stores and what a fabulous location this one has - all ready for the prime summer season and cruise ships on your doorstep!

Talk about cream on top, this one has the cherry too!

This is a high-profile store for the brand, and it looks fabulous on this high-profile site. Work with one of the world's leading Franchise Ice Cream companies.

The owner has another very busy business that they need to look after and so they reluctantly are looking to sell this one. All the hard work has been done and it is up and running really well.

This is a super simple business model. Very little staff requirement, really simple operation and an exceptionally desirable product! Wages run at around 13% of sales and other costs are well controlled.

A working owner can look forward to a surplus of \$345,000 per annum. You could run the store under management and still earn around \$295,000! That is a deeply impressive 27% Return on Investment!
