Franchisee Needed. Demand For Services Ongoing

The Franchisor is still fielding regular calls from customers wanting the services of Final Touch Whangarei. He urgently needs a new Franchisee to take on the Whangarei territory which has run successfully in the past.

There is good awareness of the Final Touch brand as there was a Whangarei franchisee for five years. Unfortunately, he got very sick with Covid and had to close his business in March 2023. He did a fine job of building a good reputation for Final Touch as a brand. So while the business will be new to you, you are buying an area where a lot of the hard work of establishing a brand within the region is already done.

Final Touch - a great franchise that has been part of the Automotive landscape for 30 years and who have developed a world class airbrush paint repair system for stone chips and paint touch ups. This is a strong franchise which is invested in their Franchisees doing well.

The Ongoing Franchise Fee is: \$5,520.00 per annum (Plus GST) with annual CPI adjustment.

You will receive full training in all areas from technical to business management and on-going support from the Franchisor. Other Franchisees also provide a good network for you to tap into their many years of knowledge.

This business can suit someone looking to be an owner operator. Many Franchisees have grown to a place where they have premises and employ staff. Or are already in the industry and want to add this to your current business to develop another service offering? This could suit you too.

Passionate about wanting your own business and have the drive to do well?

Look no further as Final Touch Whangarei could be the right vehicle for you!

Price \$69,995 + Gst

Note: You must provide your own van to Final Touch specifications.
