**Up for grabs, the Manawatu/Tararua This is a busy area with a full run of established delivery locations.**

### Benefits of owning a Coffee News Franchise:

Work in your own time, you choose the hours you work & you work at your own pace. Enjoy the flexibility of managing your business according to your own schedule and lifestyle.

Affordable investment as the overheads are low, this is a great chance to get yourself into self-employment.

Your role is to deliver your print edition throughout your delivery area & sell the advertising spaces in each edition.

A new publication is printed and delivered to your door, ready for delivery every week.

If all the advertising has been sold, then this area can bring in a turnover of around \$5400 + GST per month (My Hawke's Bay Edition does this)

If you are a people person & have the drive to make something of yourself, then this may be your opportunity.

You can work from home. Work the hours that suit you and reap the rewards of a sound business. Build relationships while promoting your own business and Coffee News.

Enjoy the recognition and satisfaction of providing a great weekly publication to your community. In the "What's Happening" section, promote important upcoming events. Event coordinators will call you to publicize their events.

Coffee News is designed to help small businesses with affordable advertising rates and effective weekly exposure to local customers with money to spend.

It's profitable. With 32 ad spaces available, each sold for a minimum 4-month booking, the more ads sold, the higher the profit. It's fun - Coffee News is a fun publication and a fun business to work in. All you need is the right attitude.
