

Virtual Reality Tours Business for Sale Auckland

Exploring Untapped Potential: A Unique Virtual Reality Business Opportunity

Discover a cutting-edge virtual reality business that offers an extensive range of quality hardware. This business opportunity does not require previous experience, just a basic understanding with computers. A comprehensive handover will happen with after sales support available.

This enterprise is equipped with state-of-the-art VR camera, VR headset, tri-pods, designed to cater to professional training markets.

Despite its impressive inventory and innovative technology, the business has not yet traded due to a degenerative health condition effecting the owner/operator, presenting a rare opportunity for a visionary investor or entrepreneur.

With a robust branded infrastructure in place, this venture is poised for significant growth, allowing you to step into the future of immersive technology and redefine user experiences across various industries.

With the Matterport pro3 camera, Digital twins are no longer confined to indoor spaces. This breakthrough camera with LiDAR takes millions of measurements in conditions from dim light to direct sunlight, allowing you to experience the great outdoors in immersive detail.
