

Glazing Services Business for Sale Waikato

Glazing Business Wider Waikato Region

This Glazing related Services business has been established for over 15 years looking after the residential and light commercial market. The business is dedicated to service excellence and operates with a team of highly experienced and professional staff and contractors.

The financial performance of the business is very impressive with consistent sales revenue, and an impressive cash surplus to the working owners and will provide an excellent return on investment (ROI).

This business has:

- Impressive sales and profits
- Large project and forward work orders
- Solid Cash flow
- Excellent brand and Reputation
- Blue Chip clients
- Excellent vendor assistance included in sale
- A fantastic opportunity to take over a thriving business.

This business would ideally suit a person/couple with a sales and management background. Knowledge or an interest in the Building/Glazing sector would be an advantage. However, product knowledge and intellectual property is spread over experienced team members, and with Vendor support it is not imperative for an owner to know technical specifics from day 1.

This is an amazing opportunity to run your own very successful and highly profitable entity or alternatively is ripe for an acquisition/amalgamation by another business with complementary operations.

Please note: Strict confidentiality applies, and purchasers will be required to speak to the broker before progressing.
