Great Profits

Average Cash Surplus \$630K plus

Consistent Reliable Profit Results - Continuous Recurring Demand - Not Too Technical - Great Employees - Generous Handover

Formed in 2008 this is a long-established, successful services business which is of a size and scale above most in its local industry. The business strong reputation, built on great customer service, quality work and on-time delivery, has ensured consistent profit results across many years.

Profit performance has been very constant in-spite of the disruptions of Covid and the recent recessionary economic environment.

The business offers multiple services and products for which there is an ongoing enduring demand. Sales are spread across a wide range of many client types, and the premises are ideally located.

The team of employees are very well trained and hold a lot of experience and knowledge. They are a long-term team of employees, all good people and great workers.

The business has a substantial plant list, larger than many in the industry. All equipment is regularly serviced and in very good working condition, with many years of life left in them.

Product and technical knowledge could be learned by people from a wide background, therefore this could suit people with different skills and training. A new owner with modern marketing ideas and skills, combined with new energy, could take the business to a higher level.

The vendors will provide a thorough handover and are happy to discuss what a new owner might require regarding a transition period.

Asking Price - \$1,850,000.00 (includes plant & stock)
