Cheese Making and Sheep Genetics - (CML 11122)

Calling all Cheese Makers

The owners of Kingsmeade Cheese are retiring and moving overseas. Their cheese making equipment is being offered for sale and will be removed by the owners from its current premises, ready for relocation.

Dairymeade Sheep have been bred as a perfect milking sheep for NZ and have impeccable animal records. Live Dairymeade sheep and embryos have been sold overseas. The sheep are being offered for sale.

This business must be relocated from its home in Masterton.

Buyers have the option of purchasing the cheese making equipment only, the Dairymeade livestock only, or both as a complete package to continue the Kingsmeade brand. The owners are open to propositions.

This asset sale includes all classes of dairy sheep and embryos, milk monitors, sundry milking equipment, cheese factory equipment, Kingsmeade brand name and cheese stocks on hand.

Price: Expressions of Interest are sought for this grass-to-plate business. Price will be established between a willing buyer and a willing seller.
