Here is an outstanding opportunity to own a business that has been setup specifically by the current owners to provide them with work/life balance. Working 20 hours per week each has enabled them to be actively involved in raising their family and growing their business.

This company has a range of clients across commercial and residential who they have serviced over the last 10 years. Most of the clients are concentrated in West Auckland, with around 50% of client revenue contracted.

- Owner operated 40 hours per week
- Contracted recurring revenue
- Staff in place
- Flexible working hours
- Option to franchise
- Ideal Husband/wife team

You have the option as the new owner to decide whether you want to operate the business as a work/lifestyle option or look to expand and grow.
