relative:margin'>o:title=""/><![endif]-->Operating since 2002, this PTE business
has developed and successfully delivered its Technological Training programmes to a wide range of
clients both internationally and within New Zealand. At the cutting edge of ICT and
Telecommunications systems, their courses provide essential Tech and related systems training to
clients' technicians and engineers with support for technical Sales Engineers through to clients'
customers.

This profitable business comes with effective barriers to entry and lends itself to being managed from
almost anywhere in New Zealand or even the Eastern states of Australia if one wishes to be based in
such location(s). The business delivers not only exceptional and bespoke technical education/training
courses, but an outstanding lifestyle if you elect to manage it as the vendor currently chooses, which at
present is virtually over a 10month 'year' to suit their lifestyle choices.

Notwithstanding the financial and lifestyle benefits for an individual owner, the business is well-suited
as an addition to any PTE that wishes to increase its offering to include technological courses or any
PTE already operating within the Tech Sector. The business operates with very little overhead
requirements including no need for permanent premises or other profit-limiting infrastructure.

ASKING PRICE \$1,180,000.

CONSIDER THE FOLLOWING:

- PROFITABLE Business - SURPLUS to Owner circa \$400k
- Can be Operated from anywhere in NZ or Eastern Australian locations (Vic, NSW and Q'Land).
- International and NZ Client Base
- WELL-ESTABLISHED over 22 years with High-Value, Quality Clients.
