

# Lawn & Garden Services Franchise for Sale Whitianga

## Make 2025 the year you make a change!

Want a flexible work/life balance?

Working for yourself but not by yourself with the potential to earn thousands more?

If you love the outdoors then our business is for you!

Our thriving Whitianga/Matarangi business has many loyal and regular customers who we would love to introduce you to.

You will walk straight into income averaging **over \$2,300 per week** of regular work, with plenty of time to add additional work or extra services. There's a huge demand for good quality Lawn & Garden services in this area, so if you want growth it will be easy.

Plan your day around the weather, start as early as you want when it is hot, work until lunch and then enjoy the beach or a spot of fishing. When the weather is cooler, rug up and start early to get home and enjoy some down-time, although it never really gets that cold here on the Coromandel. No weekend work, as many holidays as you allow yourself and whatever hours you decide each day, our current working days are anything from 4 - 5 hours and we have 3 - 4 week days off during the slower months.

Why are we selling? After 14 years we have decided to move overseas to spend time with our children and grandchildren, a move we are very keen to make as soon as possible.

Whitianga and Matarangi are the perfect locations for a lawn mowing business, most properties are holiday homes which means there is no one there most of the year, nothing on the lawns and no one around to wake up in the morning. Mowing with a view of the beach or estuary, watch the dolphins and whales, they can be distracting but worth stopping to watch for a while. With Green Acres you are easily recognisable and everyone has a wave and a friendly smile for you, even if you don't know them. The Coromandel is friendly and full of plenty of activities to keep you occupied during your down time.
