

# Transport Business for Sale Auckland

## The road to growth and continued financial success.

Geographically, strategically positioned to take maximum advantage of this business' niche market, this well-established, highly industry respected business has been operating successfully for in excess of a quarter of a century, demonstrating the exceptional degree of leadership vision; the reliability, loyalty and commitment of staff coupled with the resultant, inevitable, customer retention even through the current and historical economic challenges of the likes of border closures etc during the Covid period and ultimately being able to boast for years dating back before Covid its consistent year-on-year sales growth which underpin its annual ongoing achievement of multi-million dollar sales and profitability.

What better opportunity could there be for a new owner to acquire such a financially successful business, demonstrating such a historical performance of a consistent year-on-year positive upward trend in sales growth as well as a positive upward trend in profitability, which in terms of immediate achievability could possibly translate into sales exceeding ten plus (\$10+) million dollars per annum and profitability in excess of three (\$3 +) million dollars per annum.

An opportunity for a new owner, with that requisite youthful passion and enthusiasm, to build upon that historical success and say develop its own vision going forward – imagine what's possible!
