Turmerix

A unique opportunity to set up and secure a NZ distribution rights business, to market and sell a widely known product, respected for its natural qualities and health benefits.

This business is NOT a franchise.

Products are purchased online through the Australian parent company, who would provide initial training, support and guidance, and 3 branded marques.

This business can be run from a home office, or premise (if preferred) by an owner operator and 1 part time staff member.

This represents a unique business investment in a product that has had proven results and been tested by the NATA Australia and certified by the Australian Registrar of Therapeutic Goods, and BSCG, USA testing agency for elite athletes.

Don't miss the opportunity to secure this incredible NZ distribution rights business.

If you have the passion and drive to succeed this could be the one for you.
