

# Carpet Cleaning & Upholstery Business for Sale Thames

## Compact, Portable DIY Carpet Cleaning business - Endless Potential & Low Running Costs!

Contrast Carpet Cleaning is a self-made business that specializes in a high quality, professional result for all it's customers.

We have the means to clean carpets, both residential and commercial, upholstery, both fabric and leather, as well as fabric protection to a high bespoke standard.

All the equipment and materials are neatly contained in a tidy, customized workvan. Making it highly mobile and allowing the ability to find work anywhere.

Currently I have been phasing out of carpet cleaning and moving into a new line of work, due to health so I have been running it on the side.

This business is a great opportunity for someone ambitious who wants the freedom to pursue success using a template that works, with a great potential for short and long term growth.

### Business Resources

Work van (as pictured) is included, along with 2 carpet cleaning machines, assorted cleaning chemicals a vacuum cleaner and the other cleaning equipment seen in the photo.

Everything needed to run the business.

Clients and regular customers are also included from the Thames, Coromandle/Waikato region.

During the transition process I can assist in training and referrals if required.

Location: **Waikato**

Asking: **\$17,000**  
**Negotiable**

Type: **Services-Other**
