

Meal Delivery Business for Sale Whanganui

Jamie's Angels
Home cooked meals on a plate
every day or any day

Jamie's Angels
Whanganui's perfect home cooked
meal delivery service.

After 14 years of uninterrupted successful trading Jamie's Angels, Whanganui's best, most well-loved, meal delivery service is now for sale and ready to be taken to the next level.

Jamie's Angels is a successful and unique business with wonderful clients and a guaranteed income, throughout the year.

With over 14 years of customer development, this unique business offers a seamless transition for new owners eager to capitalize on its proven processes and stellar reputation.

Why Jamie's Angels?

- **Efficient Operations:** All meal preparation, cooking, and plating is completed between 6:30 am and 10:45 am on weekdays. This schedule is perfect for an existing catering or hospitality business seeking to expand during off-peak hours.
- **Guaranteed Client Base:** The stability of a known number of clients each week, allowing for precise budgeting and staffing.
- **Unique Selling Proposition:** Meals are delivered on reusable ceramic plates, enhancing the dining experience and promoting environmental sustainability.
- **Strong Community Ties:** Our dedicated delivery personnel build lasting relationships with clients, ensuring consistent, high-quality service that earns us recommendations from clients, their families, and healthcare professionals.
- **Proven Resilience:** As a registered "essential service", we continued operations seamlessly through COVID, demonstrating our reliability and importance in the community.
- **More than meal delivery service:** Because we meet with our clients, and sometimes their family, before we take them on, we know their circumstances and needs. Our dedicated drivers develop friendships with their clients on a personal level and become an extra level of support for their well-being.

Growth Potential: With an ever growing client demographic, being the elderly community, there is significant potential for growth both within Whanganui and beyond. There is also an untapped demand for personalised frozen meals prepared exclusively for this market. The success of our Christmas holiday frozen meal option could easily be expanded to become a year round alternative.
