

Takeaway Business for Sale Gisborne

Be over whelmed with fish and chip orders! Top reputation!.Gisborne's newest, busiest and best Fish and Chip Shop and Wet Fish Sales.

Gisborne's newest, busiest and best Fish and Chip Shop and Wet Fish Sales.

The reputation of this shop speaks for its self.

The Shop has often been over whelmed with fish and chip orders and sometimes the line is well out the door and down the street as people love FRESH FISH and chips, and love the Idea they can also take Wet fish home to cook for themselves.

The shop is currently putting through 1.2 tonne of fresh fish per month. There is huge potential for a husband and wife team to turn this 1.4 million dollar per annum business into a 1.6 million dollar per annum turnover through filleting their own fish as it arrives into store. This also allows them to sell the frames as crayfish bait, so all the fish is paid for.

The foot traffic in the Ballance street village is huge and the shop is in the right location. This is a 7 day a week business currently, and employ 12 staff.

Genuine reason for selling as owner has other business interests to pursue.
