Water Purification & Ice Manufacturing Business

Seize the opportunity to invest in a New Zealand-owned partnership with a proven track record in water distillation, purification, and ice manufacturing. This business offers an exceptional product and reliable water delivery service to a loyal customer base.

Key Features:

- * Advanced Water Purification: Cutting-edge technology, including filtration, reverse osmosis, ozonation, and U.V. light sterilisation, delivering water that's 90 times purer than spring or mineral water.
- * Premium Water Bottling: Offering water in a range of sizes for both individual and business customers.
- * Ice Manufacturing & Distribution: Premium ice products, produced with the same attention to quality and purity, available for home, business, and commercial use.
- * Oxygen-Enriched Water: Enhanced with oxygen for added health benefits and a refreshing taste.
- * PH-Neutral & Sodium-Free: The water is free from sodium, fluoride, and other harmful substances, providing a balanced PH for optimal hydration.
- * Incredible Taste: Clean, crisp, and refreshing water that customers love.

Business Strengths:

- * Competitive Pricing: Offering high-quality water and ice at market-leading rates.
- * Flexible Distribution: Tailored delivery services for home, business, and commercial customers.
- * Hands-On Customer Service: A customer-centric approach that's contributed to ongoing success and a loyal client base.

This business benefits from a well-established reputation, an efficient and scalable model, and growth potential in the expanding premium water and ice market. Whether you're looking to take over an already successful operation or expand your investment portfolio, this is an incredible opportunity.
