HIGH-PERFORMING AUTOMOTIVE WORKSHOP
Central Auckland

High-Performing Automotive Workshop with Profits of \$291,000

Are you tired of helping build someone else's dream and ready to secure your own financial freedom? I have the solution...

I'm delighted to present one of Auckland's top automotive workshops to the market..

This high-performing workshop is primely located in a sought after central Auckland location and has a 30+ year track record of success. They operate under a franchise model and benefit from comprehensive training, support, and access to proven systems and processes. They have been achieving strong, steady profits (even during the recessionary economy of the past 2 years), and with interest rates falling and spending on the rise, business confidence is now at its highest in almost a decade, making this the perfect time to become a business owner.

The business is fully staffed with a highly functional team in place and have built an incredibly strong reputation over the years, which is evidenced by their testimonials and Google reviews. And the icing on the cake? The owner has said they are happy to remain in the business as an employee, depending on the needs of the purchaser.

Top Auckland workshops do not come to market often. Have a chat today to see if this is the one for you...it will not last long!
