Automotive Workshop in Hamilton-Entry Level

We have an entry level automotive services business in Hamilton perfect for a mechanic who wants to step up to business ownership. A two-hoist garage in a prime location. An existing business could also use it to increase capacity.

Earn a solid income with two mechanical staff on the floor. The garage is involved in WOFs, general services and repairs. You can also provide employment and flexibility to a family member or partner which is common in this industry. Hit the ground running on day one.

It has a good reputation with many repeat customers and strong word of mouth. This business is located in an industrial area but it is only a few minutes to the residential area with a bus service 150m down the road.

- * Well-Staffed
- * Solid Profits to a working owner
- * Prime location in Hamilton
- * Plenty of off-street parking

Andrew Whyte is an experienced and highly proven Automotive Services Business Broker selling workshops from the Waikato to Hawkes Bay. Contact him today for the Information memorandum on this business.
