

For Sale

Location: **Hawkes Bay**
Asking: **\$95,000**
+ GST (If any)
Type: **Franchise Resale / Services-Other**

Companion Driving Business For Sale

Companion Driving services is experiencing rapidly growth and increased demand for personalised transport service. With the population of New Zealanders aged 65 plus projected to double in the next 25 years, the demand for assisted transport services is a real growth business and will follow the same trend.

The business for sale is part of a nationwide franchise providing pre-booked personal driving service for the elderly, children, injured and mobility assisted passengers. The business covers the Hastings and Havelock North regions and works closely in with the Napier franchisee.

The business has only been operating since March 2023 and has already built up a sizable customer base of loyal and regular customers. The current owner has spent considerable time and effort introducing the business to organisations that benefit from assisted transport services. The level of pre-bookings and enquires continues to increase.

The business is part of a nationwide brand of franchisees which provide marketing support and connections into the health, education and elder-care sectors. Services include Total Mobility Provider and ACC Registered vendor.

The current owner is busy with one vehicle so the business presents an excellent opportunity for expansion. There are legitimate reasons for this sale.

If you are looking for a business that really helps people and is simple to run, then this is the business for you.
