

Pottery Business for Sale Napier South

Mold Your Legacy—A Creative Chance to Own a One-of-a-Kind Pottery Business with Retail, Wholesale, and Online Potential

Own a Unique Pottery Business Today!

Established in 2017, this handmade pottery shop is a one-of-a-kind business. Situated in the heart of Napier, one of the world's most renowned Art Deco cities, it offers an ideal combination of prime location and creative charm.

The shop specializes in both retail and wholesale pottery, offering an extensive range of imported high-quality, hand-thrown, and handmade collections crafted by renowned Thai artists and skilled local potters. Each piece is thoughtfully made, making it perfect for art collectors, home decor enthusiasts, and high-end hospitality use.

Our collection includes beautifully designed, handcrafted items with significant growth potential for the business. There are ample opportunities to expand into new markets and open additional branches.

The shop's interior is a work of art in itself, hand-painted wall by the owner, which serves as an art gallery showcasing thousands of high-value pottery pieces. Highlights include rare copper red, KINYO, and Celadon glazes, many finished with natural wood ash glazes. The diverse selection features everything from fine art vases and traditional designs to large statement vases and thousands of high-quality hand-thrown mini bud vases. The collection also includes a wide variety of bowls, plates, and other functional items in various glazes, sizes, and styles—suitable for both home use and hospitality settings.

The sale of this business includes thousands of beautiful pottery pieces, along with a complete collection of creative marketing photos.

This business is ideal for someone with a true passion for pottery art, as it was created with heart and dedication by the owner.

This is a long-term business opportunity with endless possibilities for growth and expansion.
