

# Coffee Cart Business for Sale Waipa Waikato

**Well established with a loyal customer base. Selling from the best spot in Cambridge, opposite the Town Hall, this is an opportunity not to be missed. Sale includes the solar-powered coffee cart, with all the existing equipment.**

Sale includes the solar-powered coffee cart, with all the existing equipment (see below), a coffee roaster, so you can roast your own beans for the taste that the customers keep coming back for, a 2010 diesel Jeep Cherokee to pull the cart, inheritance of the council permit to sell from the site, and the current customer base.

The cart has two brand new solar panels, which will be good for the next 20 - 25 years. This enables you to sell from literally anywhere, without the need for noisy generators.

The Coffee Cart is also the preferred supplier for the Cambridge High School Football Club during the winter football season - a great boost to the week's sales.

**If you love coffee and socializing, then this is for you.**

Included in the sale are the following:

- Coffee Cart - double axle trailer
- Commercial espresso machine
- Top-of-the-line coffee grinder
- Fridge
- Four new 6V deep-cycle batteries
- Two new solar panels
- 2010 Jeep Cherokee - optional; offers excluding the Jeep are welcome
- Coffee roasting system
- Council permit to trade
- Stock on hand
- Loyal customer base
