High Profile Manufacturing Business - HUGE EBIPTDA

With an average annual EBIPTDA over the last 2 years of an enviable \$4.0 Million, this is a rare opportunity to purchase an impressive manufacturing business dealing with many high-quality clients. With the NZ wide building boom again very much underway and no sign of the Government allowing it to diminish anytime soon, we believe this is a business that can only continue to grow and that EBIPTDA further improve.

Established many years ago, the current owners are now at the stage where they are wanting to realign their work / life balance and enjoy the financial benefits that this business has provided for them. They are extremely proud of the business's success and are very keen to see a new owner continue the trend. Even with a GM in place now, they remain prepared to provide a comprehensive handover and ongoing assistance.

The business comes with state-of-the-art production, an excellent pipeline of forward work from a wide captive client list. The business also employs 50 skilled staff, has excellent cash flow, and comes with an impeccable trading history.

A new buyer should be either a person passionate about, and with a flair for manufacturing; or a business Investor, Corporation or Investment Group wanting a solid return and keen to take over this impressive business.

Asking Price NZ\$15.0M incl stock & plant.
